## Tools

### Cable cutters

*For low voltage copper and aluminium cables*

#### 20101 SF-36A

- Light weight, compact structure, easy operation.
- Suitable for narrow space work.
- Clean and smooth cut without crushing and deformation.
- Innovative two-stage ratchet drive and high torque transmission, one hand or two hands easy operation.

Code	Ref.	Max. cutting range	Length	Weight
380010	SF-36A	≤ Ø 36 mm 300 mm <sup>2</sup>	250 mm	0.61 kg

Single conductor cable, solid

Single conductor cable, fine and multiple strands

#### 20101 SF-60A

- Light weight, compact structure, easy operation.
- Suitable for narrow space work.
- Clean and smooth cut without crushing and deformation.
- Innovative two-stage ratchet drive and high torque transmission, one hand or two hands easy operation.

Code	Ref.	Max. cutting range	Length	Weight
380020	SF-60A	≤ Ø 60 mm 500 mm <sup>2</sup>	310 mm	0.84 kg

Multiple conductor cable, multiple strands and solid
