

Hydraulic tools / Hydraulic heads and pumps

Double-acting electrohydraulic pump

20204 BGD-8

Equipped with a pressure gauge to monitor working pressure at all times.

Automatically switches between high and low pressure according to job requirements to enhance efficiency. Compatible with a wide range of hydraulic heads.

Includes:

- Multifunctional operation handle.
- 2 m hose with quick couplers.

Bluetooth transmission.
4G module for transmitting data over the network.

Code	Ref.	Rated pressure	High pressure flow	Low pressure flow	Reservoir capacity	Dimension of hydraulic pump	Hydraulic pump weight
415003	BGD-8	80 MPa	1.2 L/min.	5-8 L/min.	≥2.3 L	582x372x395 mm	44 kg
