Battery-powered hydraulic crimping tool, mini series, without dies

20202 EBC-6SM

- No dies needed; crimping is carried out with a self-adjusting punch that automatically adapts to the cable cross-section used.
- Suitable for pressing operations in confined spaces.
- Lightweight, with fast pressing speed and easy operation.
- All data can be easily viewed on the smart display.
- Connection to a computer via USB allows convenient management of various parameters.
- The closed head is fully rotatable.
- High-performance, high-capacity 18 V lithium battery with power indicator, supplied with a fast charger from Metabo.
- Two LED work lights make operation easier in dark areas.
- PP plastic housing, durable and robust.
- Supplied with a carrying case.

Battery type	Battery changer
18 V 4.0 Ah, Li-ion	ASC 72

Code	Ref.	Crimping force	Nominal pressure	Tool dimensions	Briefcase dimensions	Tool weight	Briefcase weight
412007	**EBC-6SM**	63 kN	55 MPa	418x121x90 mm	530x420x130 mm	2.8 kg	4.5 kg

Crimping range

Copper terminal	10-300 mm²
Aluminum terminal	16-240 mm²
