Battery operated hydraulic cutting tool

20202 EBT-45

- The head is adjustable to facilitate cutting at various angles.
- The independently designed oil-return system ensures safe retraction without relying on electricity.
- A two-speed hydraulic system guarantees swift, high-quality cutting.
- After cutting, the conductor surface remains perfect with no loose strands.
- Equipped with a built-in safety valve that automatically releases pressure when maximum levels are reached, protecting both the tool and the operator.
- LED lighting enhances convenience and safety during cutting operations.
- Rubber-coated housing to reduce noise and minimise vibration.
- Supplied with a carrying case.

Battery type	Battery changer
18 V 4.0 Ah, Li-ion	ASC 72

Code	Ref.	Crimping force	Nominal pressure	Tool dimensions	Briefcase dimensions	Tool weight	Briefcase weight
412031	**EBT-45**	130 kN	70 MPa	460x325x95 mm	670x470x135 mm	8 kg (incl. battery)	4.5 kg

Crimping range

ACSR, copper and aluminium	With a diameter less than 45 mm (≤1000mm²)
Steel strand	150 mm² Ø 20 mm

Spare blades

Fixed cutting blade
Weight: 120 g

Moveable cutting blade
Weight: 100 g
