

Insulating poles / Telescopic poles

Indoor and outdoor use in a dry environment

Telescopic multi-section pole made of reinforced fibreglass tube with a variable circular section that allows each section to be automatically locked. The final section is filled with foam according to IEC 60855.

The length of each section can be adjusted as needed using an adjustment system with locking handles. Supplied with Universal (U) head and manoeuvring hook.

Section A must always be fully extended during use.

The last section is filled with polyurethane foam in compliance with IEC 60855.
Reinforced fibreglass tube.
