Insulating poles / Maneuvering poles

Indoor and outdoor
use in a dry environment

Manoeuvring pole with a single section made of a polyester and fibreglass tube Ø 32 mm, with humidity-proof seals at both ends, a hand guard, grip, ferrule, Universal head and manoeuvring hook.

U
Universal head

30801 BM-45

- Length of the insulating element: 1.60 m
- Total length (without hook): 1.50 m
- For INDOOR and OUTDOOR use in a dry environments

Code	Ref.	Working voltage
605100	**BM-45**	45 kV

30801 BM-66

- Length of the insulating element: 2.10 m
- Total length (without hook): 2.00 m
- For INDOOR and OUTDOOR use in a dry environments

Code	Ref.	Working voltage
605110	**BM-66**	66 kV

30801 BM-90

- Length of the insulating element: 2.60 m
- Total length (without hook): 2.50 m
- For INDOOR and OUTDOOR use in a dry environments

Code	Ref.	Working voltage
605115	**BM-90**	90 kV

30801 BM-132

- Length of the insulating element: 3.10 m
- Total length (without hook): 3.00 m
- For INDOOR and OUTDOOR use in a dry environments

Code	Ref.	Working voltage
605120	**BM-132**	132 kV
