Insulation / Insulating stool

Monobloc and stackable insulating stool
for indoor use

30501 STM

Insulating stool – monoblock and stackable, for indoor use

Made of high-impact polypropylene.
The platform surface is rough and non-slip.
Rubber tips are incorporated at the ends of the legs, providing greater adherence to the floor and protection against wear.

Platform: 640 x 640 mm
Surface: 528 x 528 mm

According to UNE 204001 standard.

High stability
High impact resistance
High slip resistance

Code	Ref.	Height (mm)	Class	Working voltage
580150	STM-36	204	4	36 kV
580155	STM-45	304	5	45 kV
580160	STM-66	304	6	66 kV

Monobloc structure
The monobloc design ensures a stable structure, reducing the risk of breakage or misalignment over time.

Stackable
Facilitates storage and transportation when not in use.
