Product Technical Specifications

Mod. BLVC (30E-40E-60E) Lifeline set (small- medium- large)

Functionality

Collective protection system designed to protect against falls from heights by connecting solid structures like AT towers, stairs, etc ..

Product Features

Lifeline set composed of hook rope drive, 20 m rope with 14 mm² section, snap hook, anti-fall dispositive and connectable pole of (2- 3) parts and (3m- 4m – 6m) total length.

Components

Snap hook: to fix the rope which will be connected to the worker when climbs to the workplace.

Fall arrest devices: This device is a mobile fall arrester on flexible anchorage line.

With polyamide rope of 14 mm.

A rapid downward movement causes it to lock on the rope.

Supplied with steel screw-locking karabiner.

Lifeline rope: Rope roll of 16 meters and 14 mm diameter with thimbles at the ends.

Certificates

In accordance with EN 358 standard.
