Insulated ring spanner

Code	Ref.	Ring
30120000	**Insulated offset ring spanner 1000 V – 75° ring, 10 mm**	10 mm
30120001	**Insulated offset ring spanner 1000 V – 75° ring, 13 mm**	13 mm

- Offset ring spanner – 75° angled, made of chrome–vanadium steel with insulation compliant with IEC 60900 for live work up to 1000 V AC / 1500 V DC.
- Its offset design allows easy access to screws or nuts in confined spaces. Features a 12-point ring for a secure grip and a satin non-slip finish.
- Ideal for electrical maintenance, switchboards, renewable energy, and industrial installations.

1000 V / 22 - IEC 60900
