

Hydraulic pumps

i32 CP700EC

Compact Hydraulic pump with accumulator

- Light compact and robust structure.
- Ergonomic design for right or left handers.
- Manual or automatic return.
- Rapid return of piston, thanks to high return capacity.
- Preinstalled standard programs for cutting and crimping.
- Electronic sensor pressure control.
- High performance lithium ion battery.
- Change indicator on the battery.
- Double piston technology for rapid high pressure feed.
- Flow range at low pressures < 100 bar: 1.2 lit./min.
- Flow range at pressures up to 700 bar: 0.2 lit./min.
- Operating pressure: 700 bar (70 MPa)
- Power: 200 W
- Battery voltage: 18,0 V DC
- Battery capacity: 3,0 Ah
- Range of use: -20°C/+55°C (integrated cooling system).
- Remote control (1.5 m) two buttons and LED indicator.
- Possibility to attach the remote control unit to the apparatus.
- Error indication.

Code	Ref.	Dimensions	Weight
416105	CP700EC	290x190x205 mm	4,5 Kg

SCH1,5

Hose without armour
Dimensions: 1,5 m
Weight: 0,60 Kg
