

## 11401 SCF/C

### MC4 type connectors for 1000 V and 1500 V

MC4-type connectors, male and female, ensure a reliable connection and watertight sealing between cable terminations and the various components of a photovoltaic installation.

SCF/C-1000V for cross-sections from 2.5 to 6 mm<sup>2</sup>

SCF/C-1500V-A for cross-sections from 2.5 to 6 mm<sup>2</sup>

SCF/C-1500V-B for 10 mm<sup>2</sup> cross-sections

A MC4 crimping tool is required for proper installation.

Code	Ref.	Cable cross-section (mm <sup>2</sup> )	 x 100	 Bag	 Box
501010	SCF/C-1000V	2.5-6	-	-	-
501020	SCF/C-1500V-A	2.5-6	-	-	-
501030	SCF/C-1500V-B	10	-	-	-
