

# sofamel

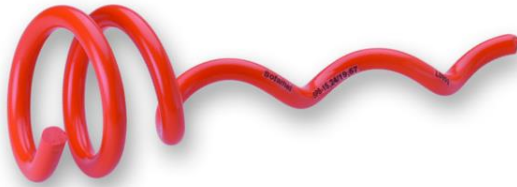

Product Technical Specifications

## Mod. SPS

Bird anticollision device

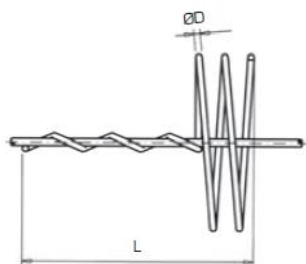

### Functionality

Signaling device to indicate the overhead electric lines in the passage area of migratory birds. System to prevent collisions of birds in power lines. Double fixing spiral system.

### Product Features

- Made of PVC.
- Color: Orange.
- Spiral shape for easier anchoring.
- High resistance to climate aging.
- Resistance to UV rays.

Ref.	Dimensions of cable		Length L (mm)	D Min. (mm)
	Min. (mm)	Max. (mm)
