Technical Product Specifications

Model FPI-70S

Hydraulic foot pump

Functionality

Designed to operate hydraulic tools up to 700bar (70MPa).

Product Features

Compact dimensions.

Lightweight due to the use of light alloys and corrosion resistant materials.

Practical and stable due to a firm foot pedal adjustment and a sturdy non-slip base.

Two-speed automatic device (fast forward without load and slow forward under load).

Tilting system for coupler.

Pressure control by oil pressure gauge

Manual pressure release at any time.

High mounted quick release coupling with dust cover.

Operating pressure: 700 bar (70 MPa).

Low pressure pump capacity:

18.3 cm³ / cycle.

High pressure pump capacity:

2 cm³ / cycle.

Oil quantity: 1200 ml.

Operating temperature: -20 ° C to + 40 ° C

Model FPI-70S

Hydraulic foot pump

Tool dimensions:

570 x 230 x 209 mm

Tool weight:

10,9 kg

Set equipment FPI70S

- Foot pump with oil pressure gauge
- 3 m flexible hose
- Metal case
- Weight of entire unit 21 kg
