

### Conessioni / Capicorda in rame

## 10113 TCD

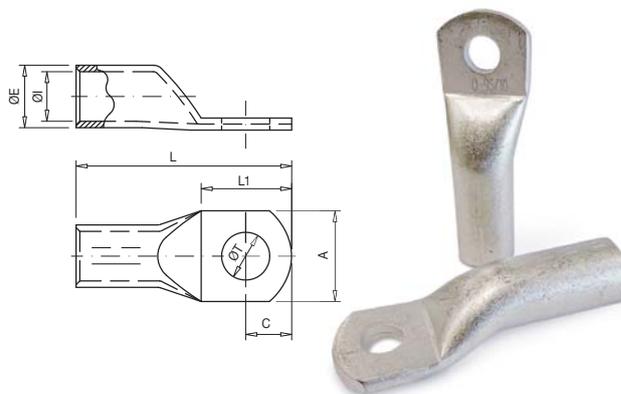

### Capicorda in rame rinforzato DIN 46235

I capicorda in rame TCD sono realizzati in rame elettrolitico con una finitura superficiale stagnata che protegge dall'ossidazione. Il loro design rinforzato li rende particolarmente adatti per installazioni soggette a vibrazioni o elevati sforzi meccanici.

Conforme alla norma DIN 46235.

Certificazione UL.
